

Client acquisition priced around verified outcomes.

A performance-based outbound engine for recruitment agencies — fees charged only when verified buying intent or booked meetings occur.

VERIFIED POSITIVE REPLY

\$200

Qualified decision-maker shows buying intent.

BOOKED DISCOVERY MEETING

\$250

Confirmed calendar briefing with ICP-aligned stakeholder.

ZERO-RISK INVARIANT

\$0

No fee for OOO, negative replies, unsubscribes, or non-buying signals.

How it works — 5 stages

- 1. Hiring-signal intelligence**

 - Aged vacancies open 60+ days
 - Leadership transitions (CTO/People/VP)
 - Funding, expansion, scaling signals
- 2. Waterfall enrichment**

 - Multi-vendor verification (Apollo, ZoomInfo, Hunter, Dropcontact + SMTP)
 - Target: <2% bounce rate
- 3. Domain-isolated outreach**

 - Secondary mirror domains protect primary domain
 - 10–20 inboxes, 30–40 emails/day/inbox
- 4. Reply triage**

 - <24h human-in-loop SLA for positive intent
 - Min. 5 structured follow-ups on warm leads

Commercial terms

Verified positive reply	\$200 each
Booked discovery meeting	\$250 each

Risk controls: 5-day lead dispute window, territory & account exclusivity, 100% brand air-gap.

Production evidence across three markets.

Verified internal results from active client engagements.

CASE STUDY 01 · USA · LEGAL & ACCOUNTING SEARCH

Orion Placement: 228 signed client agreements in 38 days

1,201

Positive hiring-intent leads

638

Re-engagement replies

228

Signed agreements

348

Qualified active opportunities

19.0% positive-lead-to-signed · 36.7% reply-to-signed conversion. 2,409 tailored candidate resumes across 3,111 emails.

Key takeaway: Signal-driven outbound converted directly into signed client agreements at scale, across five practice areas.
